Ontwerp van koninklijk besluit tot afbakening van een steunzone rond Zaventem-Vilvoorde en tot aanpassing van het koninklijk besluit van 28 april 2015 tot uitvoering van artikel 16 van de wet van 15 mei 2014 houdende uitvoering van het pact voor competitiviteit, werkgelegenheid en relance, wat het Vlaamse Gewest betreft, en tot vaststelling van het in artikel 275[8], § 5, van het Wetboek van de inkomstenbelastingen 1992 bedoelde formulier

VERSLAG AAN DE KONING

Sire,

In artikel 16 van de wet van 15 mei 2014 houdende uitvoering van het pact voor competitiviteit, werkgelegenheid en relance, is bepaald dat een gewest dat met de federale overheid een in dat artikel bedoeld samenwerkingsakkoord heeft gesloten, in het geval van een grootschalig collectief ontslag een steunzone aan de minister die bevoegd is voor Financiën kan voorstellen.

Op 21 november 2017 had ik de eer om een voorstel van het Vlaamse Gewest te mogen ontvangen. In dit voorstel wordt de beslissing van de Vlaamse Regering van 21 april 2017 om een steunzone rond Zaventem-Vilvoorde af te bakenen, uitgevoerd door te voorzien in een concrete afbakening van deze steunzone en een verantwoording waarin wordt beschreven op welke wijze de afbakening van de steunzones zal bijdragen aan de reconversie van de door de collectief ontslagen getroffen regio's.

In het voorstel van de Vlaamse Regering wordt uiteengezet op welke wijze een collectief ontslag zoals bedoeld in artikel 15, 5°, van de wet van 15 mei 2014 houdende uitvoering van het pact voor competitiviteit, werkgelegenheid en relance heeft plaatsgevonden:

ROYAUME DE BELGIQUE

SERVICE PUBLIC FEDERAL FINANCES

Arrêté royal délimitant une zone d'aide autour de Zaventem-Vilvoorde et portant adaptation de l'arrêté royal du 28 avril 2015 portant exécution, en ce qui concerne la Région flamande, de l'article 16 de la loi du 15 mai 2014 portant exécution du pacte de compétitivité, d'emploi et de relance et établissant le formulaire visé à l'article 275[8], § 5, du Code des impôts sur les revenus 1992

RAPPORT AU ROI

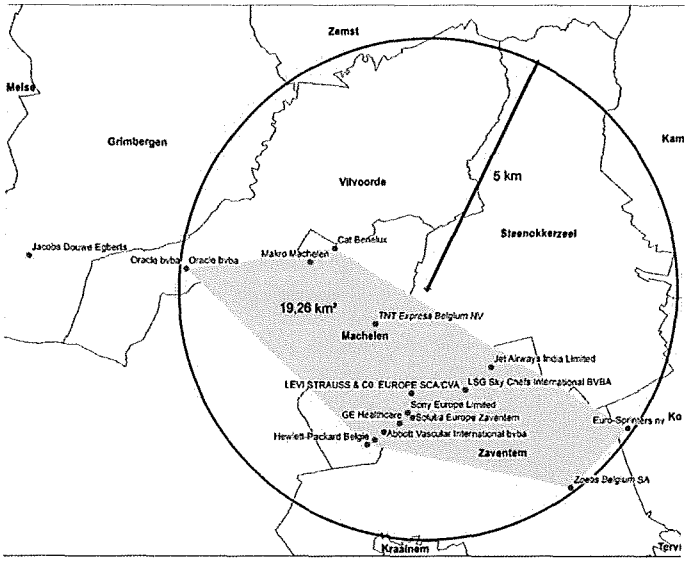
Sire,

L'article 16 de la loi du 15 mai 2014 portant exécution du pacte de compétitivité, d'emploi et de relance, prévoit qu'une région, qui a conclu un accord de coopération visé dans cet article avec le gouvernement fédéral, peut, dans le cas d'un licenciement collectif de grande échelle, proposer une zone d'aide au ministre qui a les Finances dans ses attributions.

Le 21 novembre 2017, j'ai eu l'honneur de recevoir une proposition de la Région flamande. Cette proposition exécute la décision du Gouvernement flamand du 21 avril 2017 délimitant une zone d'aide autour de Zaventem-Vilvoorde, en prévoyant une délimitation concrète de cette zone d'aide et une justification qui décrit comment la délimitation de la zone d'aide contribuera à la reconversion des régions touchées par les licenciements collectifs.

La proposition du Gouvernement flamand expose de quelle manière les licenciements collectifs, au sens de l'article 15, 5°, de la loi du 15 mai 2014 portant exécution du pacte de compétitivité, d'emploi et de relance, ont eu lieu :

"De regio Zaventem-Vilvoorde werd de voorbije jaren zwaar getroffen door collectieve ontslagen. De ontslagen in onderstaande lijst te betreuren tussen 23/12/2013 en 23/12/2016, overstijgen samen de drempel van 500 collectieve ontslagen (910 ontslagen). De bedrijven waarin deze collectieve ontslagen plaatsvonden, zijn allen gelegen binnen een straal van 5 km rondom het punt met als coördinaten (156700,279; 177853,659). De getroffen bedrijven bevinden zich bovendien allemaal binnen een oppervlakte van 20 km²:



- Euro-Sprinters nv: 21 ontslagen op 24/02/2014;

- LSG Sky Chefs International bvba: 143 ontslagen op 05/03/2014;

- Levi Strausse & Co. Europe SCA/CVA: 64 ontslagen op 24/06/2014;

- Hewlett-Packard Belgium: 300 ontslagen op 26/06/2014;

- Oracle bvba: 17 ontslagen op 02/07/2015;

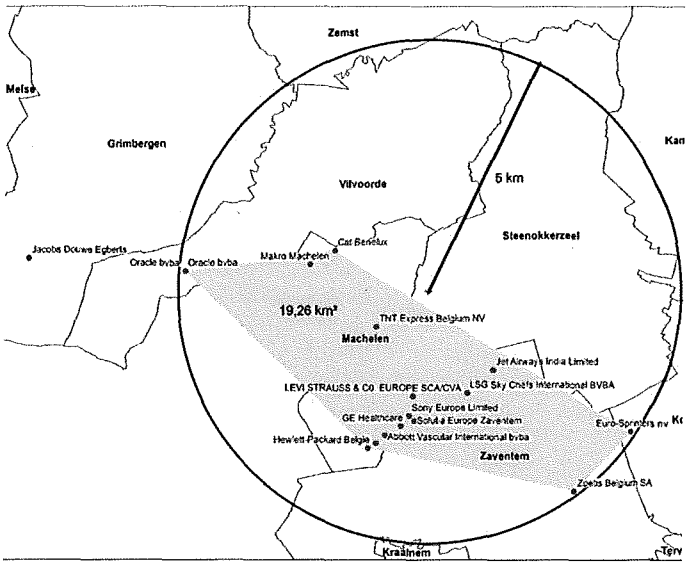
- Sony Europe Limited: 57 ontslagen op 30/07/2015;

- Abbott Vascular International bvba: 15 ontslagen op 28/10/2015;

- Zoetis Belgium sa: 74 ontslagen op 23/11/2015;

- Jet Airways India Limited: 19 ontslagen op 15/12/2015;

"La zone géographique de Zaventem-Vilvoorde a été ces dernières années durement frappée par les licenciements collectifs. Les licenciements à déplorer entre le 12/12/2013 et le 23/12/2016 dans la liste ci-dessous, atteignent ensemble le seuil de 500 licenciements collectifs (910 licenciements). Les entreprises dans lesquelles ces licenciements collectifs ont eu lieu sont toutes localisées dans un rayon de 5 km autour du point de coordonnées (156700,279; 177853,659). De plus, les entreprises touchées sont toutes comprises dans une surface de 20 km²:



- Euro-Sprinters sa: 21 licenciements le 24/02/2014;

- LSG Sky Chefs International sprl: 143 licenciements le 05/03/2014;

- Levi Strauss & Co. Europe SCA/CVA: 64 licenciements le 24/06/2014;

- Hewlett-Packard Belgium: 300 licenciements le 26/06/2014;

- Oracle sprl: 17 licenciements le 02/07/2015;

- Sony Europe Limited: 57 licenciements le 30/07/2015;

- Abbott Vascular International sprl: 15 licenciements le 28/10/2015;

- Zoetis Belgium sa: 74 licenciements le 23/11/2015

- Jet Airways India Limited: 19 licenciements le 15/12/2015;

- Solutia Europe Zaventem: 55 ontslagen op 23/01/2016;

- Cat Benelux: 34 ontslagen op 18/10/2016;

- Makro Machelen: 86 ontslagen op 17/11/2016;

- GE Healthcare: 25 ontslagen op 23/12/2016;

Als we vertrekken van het laatste collectieve ontslag van GE Healthcare en alle voorgaande collectieve ontslagen t.e.m. Hewlett-Packard Belgium meetellen, overschrijden we de grens van minimaal 500 ontslagen met een totaal van 682 ontslagen (gevallen binnen de 10 laatste opgelijste bedrijven).".

In het voorstel van de Vlaamse Regering wordt vervolgens uiteengezet op welke wijze de afgebakende steunzone bijdraagt aan de reconversie van de door het collectief ontslag getroffen regio:

"In de periode 2013-2016 werd de regio Zaventem-Vilvoorde in nasleep van de crisis van 2008 zwaar getroffen door collectieve ontslagen. Tussen 23 december 2013 en 23 december 2016 vielen er maar liefst 910 collectieve ontslagen te betreuren in de onmiddellijke omgeving van de luchthaven. De luchthavenregio Zaventem-Vilvoorde is binnen Vlaanderen één van de belangrijkste economische zwaartepunten, zowel qua omzet als tewerkstelling.

De tewerkstelling speelt een belangrijke rol voor de gemeenten die de luchthaven huisvesten, de gemeenten in de ruimere rand rond Brussel, maar ook de verder gelegen gebieden die omwille van hun hogere stedelijke werkloosheid en goede verbindingen, zich richten op de luchthavenregio voor gedeeltelijke tewerkstelling van hun eigen inwoners (pendelarbeid). Zo tonen cijfers van het Steunpunt Werk aan dat de getroffen regio in 2014 maar liefst 4.459 werknemers uit heel Vlaanderen aantrok.

Daarnaast bedroegen in de rand rond Brussel de werkloosheidscijfers voor bepaalde gemeenten zoals Vilvoorde, Machelen, ... gemiddeld meer dan 10% volgens cijfers van de Vlaamse Dienst voor Arbeidsbemideling (Arvastat).

- Solutia Europe Zaventem: 55 licenciements le 23/01/2016;

- Cat Benelux: 34 licenciements le 18/10/2016;

- Makro Machelen: 86 licenciements le 17/11/2016;

- GE Healthcare: 25 licenciements le 23/12/2016;

Puisque nous comptons en commençant à partir du dernier licenciement collectif de GE Healthcare, et tous les licenciements collectifs suivants jusque Hewlett-Packard inclus, nous dépassons la limite d'un minimum de 500 licenciements avec un total de 682 licenciements (occasionnés dans les 10 dernières entreprises listées).".

La proposition du Gouvernement flamand expose ensuite de quelle manière la zone d'aide délimitée contribue à la reconversion de la zone géographique touchée par le licenciement collectif :

"Durant la période 2013-2016, la zone géographique de Zaventem-Vilvoorde, à la suite de la crise de 2008, a été durement frappée par les licenciements collectifs. Entre le 23 décembre 2013 et le 23 décembre 2016, c'est la survenance de pas moins de 910 licenciements collectifs qui sont à déplorer dans les environs immédiats de l'aéroport. La zone géographique de Zaventem-Vilvoorde est en Flandres un des points noirs économiques les plus importants, à la fois en termes de chiffre d'affaires que d'emploi.

L'emploi joue un rôle important pour les communes qui hébergent l'aéroport, les communes dans la périphérie plus large autour de Bruxelles, mais également les territoires se situant plus loin qui du fait de leur chômage urbain plus élevé et leur bonne connections, s'orientent vers la zone géographique de l'aéroport pour l'emploi partiel de leur propres résidents (travail de navette). Ainsi les chiffres du Travail d'Appoint démontrent que la zone géographique touchée a attiré dans toute la Flandres pas moins de 4.459 travailleurs en 2014.

En outre, les chiffres du chômage dans la périphérie autour de Bruxelles, pour certaines communes comme Vilvoorde, Machelen,... atteignent plus de 10% en moyenne, selon les chiffres du Service flamand de médiation à l'emploi (Arvastat).

Omwille van bovenstaande redenen is de afbakening van een ruime perimeter dan ook te verantwoorden.

Het Vlaams Gewest is bovendien van oordeel dat de voorgestelde steunzone zal bijdragen aan de (her)tewerkstelling. Aangezien het hier niet enkel hogergeschoolden betreft, maar ook een significant deel jobs voor lager- en middengeschoolden (koerierdiensten, catering, distributie, logistiek), is het van belang om de drempel van herintreding voor de getroffen werknemers zo laag mogelijk te houden.

In 2016 waren er in het Vlaams Gewest 145.418 werkzoekende werklozen (totaal jaargemiddelde) volgens de cijfers van de Rijksdienst voor Arbeidsvoorziening. In 2016 lag de werkzaamheidsgraad in het Vlaams Gewest op 72%, terwijl het streefdoel in het kader van 'Europa 2020' op 76% wordt gelegd. De steunmaatregel kan ook vanuit deze optiek een extra hulpmiddel betekenen.

De impact van de loonkost op de tewerkstelling blijft in België en Vlaanderen vanuit internationaal perspectief immers aan de hoge kant. Zo neemt België in de Global Competitiveness Index 2017-2018 pas de 44ste plaats in (2016) voor wat betreft 'Labor Market Efficiency'. Ingezoomd op de deelindicator 'Effect of taxation on incentives to work' wordt dit de 129ste plaats (op 137 landen). België haalt daarbij slechts een score van 2,8 op een schaal van 7 (waarbij 1 staat voor een grote impact op de tewerkstelling en 7 voor geen impact). Een vergelijkbaar buurland als Nederland neemt hier de 65ste plaats in, Duitsland de 34ste en Luxemburg de 9de. De loonkost vormt dus duidelijk een handicap. In datzelfde rapport wordt dan ook niet verwonderlijk als een van de uitdagingen in 2018 'keep reducing the labor costs to bring them in line with our main trading partners' expliciet vermeld. Dat geeft aan dat elk initiatief dat de werknemerskosten vermindert, kan bijdragen tot een hogere (her)tewerkstelling."

Tot slot stelt de Vlaamse Regering voor dat deze steunzone een toepassingsperiode zou hebben van 6 jaar.

Sinds 1 mei 2015 zijn er op voorstel van de Vlaamse Regering twee verschillende steunzones

En vertu des raisons mentionnées ci-avant, la délimitation d'un périmètre plus large se justifie donc également.

La Région flamande est en outre d'avis que la zone d'aides proposée contribuera à la (re)mise à l'emploi. Etant donné qu'ici ne sont pas seulement concernés des emplois à haute éducation, mais également une partie significative d'emplois à plus basse et moyenne éducation (services de courrier, traiteur, distribution, logistique), il importe de maintenir le seuil de réinsertion le plus bas possible pour les travailleurs touchés.

En 2016, il y avait dans la Région flamande 145.418 chômeurs à la recherche d'un emploi (moyenne annuelle totale) suivant les chiffres de l'office national de l'emploi. En 2016, le taux d'emploi dans la Région flamande tombait à 72%, tandis que l'objectif-cible dans le cadre de 'Europa 2020' a été fixé à 76%. Dans cette optique, la mesure d'aide peut également être considérée comme un moyen d'aide supplémentaire.

L'impact du coût de la charge sur l'emploi reste toujours en Belgique et en Flandres, dans une perspective internationale, dans le camp (des pays) élevé(s). La Belgique ne prend ainsi (en 2016) que la 44ème place dans l'Index de Compétitivité Globale 2017—2018 en ce qui concerne 'l'Efficience du Marché du Travail'. En se focalisant sur l'indicateur partiel 'Effet de l'impôt sur les incitants au travail', elle obtient la 129ème place (sur 137 pays). La Belgique ne récolte qu'un score de 2,8 sur une échelle de 7 (où 1 équivaut à un grand impact sur l'emploi et 7 aucun impact). Un pays voisin comparable comme les Pays-Bas prend ici la 65ème place, l'Allemagne la 34ème, et le Luxembourg la 9ème. Le coût de la charge constitue donc clairement un handicap. Dans ce même rapport, il n'est donc pas surprenant qu'il soit précisé comme un des défis en 2018 'keep reducing the labor costs to bring them in line with our main trading partners'. Cela indique que chaque initiative qui diminue les coûts de l'employeur peut contribuer à un taux de (re)mise à l'emploi plus élevé.

Enfin, le Gouvernement flamand propose que cette zone d'aide soit en application pour une période de six ans.

Depuis le 1er mai 2015, deux zones d'aide différentes sont délimitées en Région flamande,

in het Vlaamse Gewest afgebakend, één rond Genk en één rond Turnhout. Voor de samenstelling van deze steunzones had de Vlaamse Regering er initieel voor geopteerd om de maatregel exclusief voor te behouden voor de bedrijventerreinen die in een straal van 40 km zijn gelegen rondom de vestiging die werd getroffen door een grootschalig collectief ontslag.

Sinds 1 mei 2017 werden de oorspronkelijk afgebakende steunzones uitgebreid. Hierbij werd gebruik gemaakt van de mogelijkheid die werd voorzien in de wet van 18 december 2015 houdende fiscale en diverse bepalingen, waarbij aan de gewesten de mogelijkheid werd gegeven om de oorspronkelijke afbakening van een steunzone uit te breiden. Op 15 juli 2016 had de Vlaamse Regering besloten om van deze mogelijkheid gebruik te maken, zodat voortaan niet enkel de bedrijventerreinen die zijn opgenomen in de dataset bedrijventerreinen deel uitmaken van de steunzone, maar dus ook de percelen die geen deel uitmaken van deze bedrijventerreinen en waarop een erkende incubator of een bedrijvencentrum is gevestigd, of die onderdeel uitmaken van een brownfieldconvenant.

Op 21 april 2017 heeft de Vlaamse Regering echter een nieuwe beslissing genomen, die tot gevolg heeft dat deze bestaande steunzones verder worden uitgebreid teneinde het mogelijk te maken dat de bedrijventerreinen, bedrijvencentra, incubatoren en brownfieldconvenanten die werden erkend, afgebakend of afgesloten sinds de inwerkingtreding van de steunzones ook in aanmerking te nemen.

Het voorstel van de Vlaamse Regering bestaat er in om de bestaande steunzones rond Genk en Turnhout uit te breiden met de volgende bedrijventerreinen, brownfieldprojecten, businesscentra en incubatoren:

sur proposition du Gouvernement flamand : une autour de Genk et une autour de Turnhout. Pour l'élaboration de ces zones d'aide, le Gouvernement flamand avait initialement choisi de réserver la mesure exclusivement aux terrains d'activités économiques situés dans un rayon de 40 km autour de l'établissement touché par un licenciement collectif de grande ampleur.

Depuis le 1er mai 2017, les zones d'aide initialement délimitées se sont étendues. Il fut fait usage, à cette fin, de la possibilité qui était prévue dans la loi du 18 décembre 2015 portant des dispositions fiscales et diverses, par laquelle la possibilité a été donnée aux régions d'étendre la délimitation initiale d'une zone d'aide. Le 15 juillet 2016, le Gouvernement flamand a décidé de faire usage de cette possibilité, de telle que sorte que désormais non seulement les terrains d'activités économiques repris dans l'ensemble de données des terrains d'activités économiques fassent partie de la zone d'aide, mais également que les parcelles ne faisant pas partie de ces terrains d'activités économiques et sur lesquelles un incubateur reconnu ou un centre d'entreprise est installé, ou qui fait partie d'une convention Brownfield, en fassent partie.

Le 21 avril 2017, le Gouvernement flamand a cependant pris une nouvelle décision, qui a pour conséquence que ces zones d'aide existantes soient davantage étendues afin de créer la possibilité que les terrains d'activités économiques, les centres d'entreprise, les incubateurs et les conventions Brownfield qui ont été reconnus, délimités ou conclus depuis l'entrée en vigueur des zones d'aide soient également pris en considération.

La proposition du Gouvernement flamand pour les zones d'aide existantes autour de Genk et de Turnhout consiste en l'extension des terrains d'activités économiques, projets Brownfield, centres d'affaires et incubateurs suivants:

Ten gevolge van deze wijziging zullen de bestaande twee steunzones een oppervlakte bereiken van 237,1 km². De uitbreiding heeft dus tot gevolg dat de oppervlakte van de reeds afgebakende steunzones stijgt met 2,4 km² ten opzichte van de huidige 234,7 km².

Aangezien de steunzone rond Zaventem-Vilvoorde een oppervlakte heeft van 127 km², zullen na de inwerkingtreding van dit besluit de in het Vlaamse Gewest gelegen steunzones een oppervlakte hebben van 364,1 km². De totale oppervlakte van de in het Vlaamse Gewest gelegen steunzones blijft dus binnen de beperkingen die zijn voorzien in artikel 16 van de wet van 15 mei 2014 houdende uitvoering van het pact voor competitiviteit, werkgelegenheid en relance.

Suite à cette modification, les deux zones d'aide existantes atteindront une superficie de 237,1 km². L'extension a donc pour conséquence que la superficie des zones d'aide déjà délimitées augmente de 2,4 km² comparé aux 234,7 km² actuels.

Etant donné que la zone d'aide autour de Zaventem-Vilvoorde a une superficie de 127 km², les zones d'aides situées en Région flamande auront une superficie de 364,1 km², après l'entrée en vigueur du présent arrêté. La superficie totale des zones d'aide situées un Région flamande reste donc en-deçà des limitations qui sont prévues à l'article 16 de la loi du 15 mai 2004 portant exécution du pacte de compétitivité, d'emploi et de relance.

Du fait que la Région flamande a employé une méthode différente, mais plus précise, pour la

vaststelling van het inwonersaantal van de steunzones, is het moeilijk om de vergelijking te maken met het inwonersaantal zoals dat werd vastgesteld naar aanleiding van de initiële afbakening van de steunzones rond Genk en Turnhout.

Bij de berekening die werd gehanteerd bij de afbakening van de steunzones rond Genk en Turnhout werden de statistische sectoren geselecteerd waarin een steunzone lag. Op basis van deze selectie werden de inwonersaantallen van de desbetreffende sectoren opgeteld. De nieuwe methode maakt gebruik van dezelfde data, maar in plaats van het inwonersaantal van de volledige statistische sector te nemen, werd deze procentueel verrekend a rato van de oppervlakte die de steunzone vertegenwoordigt in deze statistische sector.

Deze methode heeft tot gevolg dat het inwonersaantal van de reeds afgebakende steunzones is gedaald van 82.634 naar 55.720. Vervolgens werden de statistische sectoren vervangen door een bestand met het inwonersaantal per adres waardoor de berekeningen nog nauwkeuriger werden. Hierdoor daalde inwonersaantal daalde uiteindelijk naar 16.790.

Aangezien de steunzone rond Zaventem-Vilvoorde een inwonersaantal heeft van 18.680, zullen na de inwerkingtreding van dit besluit de in het Vlaamse Gewest gelegen steunzones een inwonersaantal hebben van 35.470. Het totale inwonersaantal van de in het Vlaamse Gewest gelegen steunzones blijft dus binnen de beperkingen die zijn voorzien in artikel 16 van de wet van 15 mei 2014 houdende uitvoering van het pact voor competitiviteit, werkgelegenheid en relance.

Teneinde de rechtszekerheid te bevorderen wordt ervoor geopteerd om de zone af te bakenen door te verwijzen naar de kadastrale perceelnummers van de in de zone opgenomen terreinen. Hierdoor is het niet meer nodig om te verwijzen naar de adressen die in de steunzone gelegen zijn. Deze werkwijze maakt het mogelijk om de steunzones op een meer accurate wijze af te bakenen en zorgt er ook voor dat deze afbakening ook via andere wegen dan via geopunt kan worden gecontroleerd.

Omdat deze kadastrale percelen in het Grootschalig Referentiebestand van het Vlaamse

détermination du nombre d'habitants des zones d'aide, il est difficile de faire la comparaison avec le nombre d'habitants tel que cela a été déterminé suite à la délimitation initiale des zones d'aide autour de Genk et de Turnhout.

Pour le comptage qui a été employé pour la délimitation des zones d'aide autour de Genk et Turnhout, ce sont les statistiques des secteurs dans lesquels se trouve une zone d'aide qui ont été sélectionnées. Sur base de cette sélection, les nombres d'habitants des secteurs y relatifs ont été additionnés. La nouvelle méthode fait usage des mêmes données, mais au lieu de prendre le nombre d'habitants issus des statistiques du secteur en entier, ce pourcentage a été calculé au prorata de la superficie que représente la zone d'aide dans ces statistiques du secteur qui ont été ponctuellement calculés.

Cette méthode a pour conséquence que le nombre d'habitants des zones d'aide déjà délimitées est tombé de 82.634 à 55.720. Ensuite, les statistiques des secteurs ont été remplacées par un fichier avec le nombre d'habitants par adresse pour lequel les calculs ont davantage gagné en précision. De ce fait, le nombre d'habitants a diminué jusqu'à 16.790.

Etant donné que la zone d'aide autour de Zaventem-Vilvoorde a un nombre d'habitants de 18.680, les zones d'aide situées en Région flamande auront, après l'entrée en vigueur du présent arrêt, un nombre d'habitants de 35.470. Le nombre total d'habitants des zones d'aide situés en Région flamande reste donc en-deçà des limitations qui sont prévues à l'article 16 de la loi du 15 mai 2004 portant exécution du pacte de compétitivité, d'emploi et de relance.

Afin de préserver la légalité, option a été prise de délimiter la zone par les références aux numéros de parcelles cadastrales des terrains repris dans la zone. Pour cela, il n'est plus nécessaire de se référer aux adresses qui se situent dans la zone d'aide. Cette façon de travailler permet de délimiter les zones d'aide d'une façon plus précise et veille également à ce que cette délimitation puisse aussi être controlée par d'autres voies que via geopunt.

Parce que ces parcelles cadastrales ont été délimitées dans la Grootschalig

Gewest op een meer nauwkeurige wijze worden afgebakend dan op de meer oudere kadastrale plannen, wordt voor de exacte afbakening van deze percelen verwezen naar het Grootschalig Referentiebestand dat wordt beheerd door het Vlaamse Gewest.

Om te weten te komen of een bepaald adres zich al dan niet in de steunzone bevindt, of om een correct beeld te krijgen van de afbakening van deze steunzones is het nog steeds aangewezen om de door het Vlaams Gewest ontwikkelde webapplicatie Geopunt: (http://www.geopunt.be/) te raadplegen, waar zowel aan de hand van een specifiek adres of een perceelsnummer kan worden opgezocht of een bepaald perceel of adres effectief in de steunzone gelocaliseerd is.

Ten gevolge van de keuze om de steunzone af te bakenen op basis van de kadastrale percelen, worden de bijlagen bij dit besluit grondig herzien.

Er werd van deze gelegenheid gebruik gemaakt om percelen die zowel in de bijlagen van de steunzone rond Turnhout als in de bijlagen van de steunzone rond Genk waren opgenomen, enkel nog te weerhouden in de bijlage van de steunzone rond Genk. Voor de betrokken percelen heeft dit geen concrete gevolgen aangezien het geen verschil uitmaakt of een perceel in één of twee percelen is opgenomen en omdat de voornoemde steunzones dezelfde toepassingsperiode hebben.

De percelen die tot op heden in beide steunzones waren opgenomen zullen voortaan enkel in de steunzone die is afgebakend rond Genk zijn opgenomen. In lijn met deze logica zal de steunzone die wordt afgebakend rond Zaventem-Vilvoorde enkel nieuwe percelen bevatten en dus geen percelen die al deel uitmaken van de twee andere steunzones.

Dit geeft het volgende resultaat:

Referentiebestand de la Région flamande d'une façon beaucoup plus pointue que les plans cadastraux plus anciens, c'est au Grootschalig Referentiebestand qui est géré par la Région flamande que l'on se réfère pour la délimitation exacte de ces parcelles.

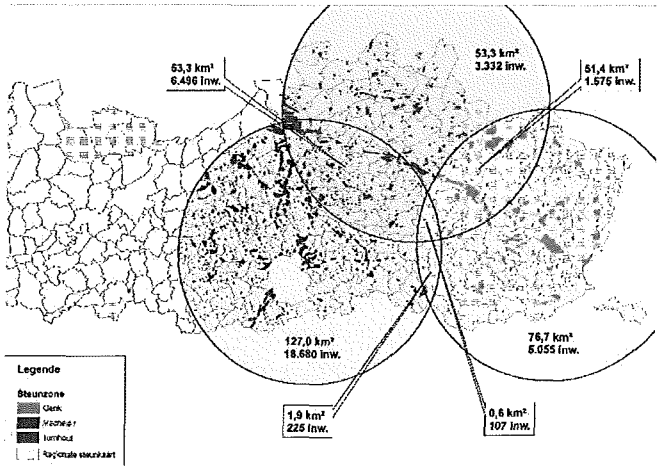
Pour savoir si une adresse déterminée se trouve ou non dans la zone d'aide, ou pour obtenir une image correcte de la délimitation de ces zones d'aide, il est encore une fois renvoyé à la consultation de l'application web Geopunt développée par la Région flamande: (http://www.geopunt.be/), où, tant au moyen d'une adresse spécifique que d'un numéro de parcelle, on peut vérifier si une adresse ou parcelle déterminée est effectivement localisée dans la zone d'aide.

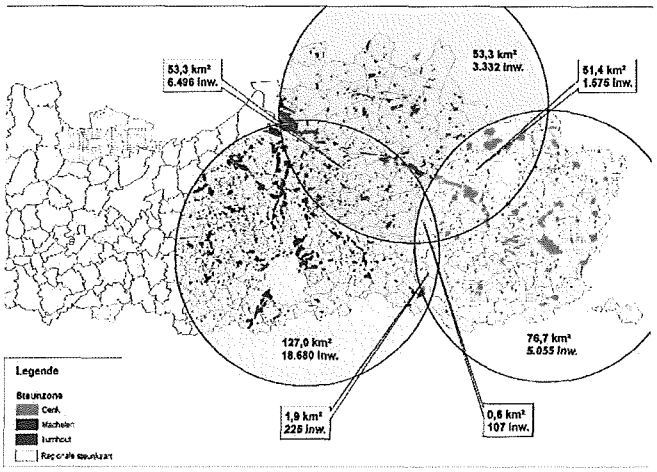
En conséquence du choix de délimitation de la zone d'aide sur base des parcelles cadastrales, les annexes du présent arrêté sont revues de fond en comble.

Pour cette occasion, il est fait usage des parcelles qui étaient reprises tant dans les annexes de la zone d'aide autour de Turnhout que dans les annexes de la zone d'aide autour de Genk, à ne retenir uniquement que dans l'annexe de la zone d'aide autour de Genk. Pour les parcelles concernées, cela n'a aucune conséquence concrète étant donné que cela ne fait aucune différence qu'une parcelle soit reprise dans une ou deux parcelles et parce que les zones d'aide précitées conservent la même période d'application.

Les parcelles qui étaient jusqu'à ce jour reprises dans les deux zones d'aide ne seront désormais reprises que dans la zone d'aide qui est délimitée autour de Genk. Dans l'alignement de cette logique, la zone d'aide qui est délimitée autour de Zaventem-Vilvoorde ne peut contenir uniquement que de nouvelles parcelles et donc aucune parcelle qui fait déjà partie des deux autres zones d'aide.

Cela donne le résultat suivant:





Tot slot wordt er nog teruggekomen op de vraag of het met het Vlaamse Gewest gesloten samenwerkingsakkoord (samenwerkingsakkoord van 3 april 2015 gesloten tussen de Federale Staat en het Vlaamse Gewest betreffende de uitvoering van artikel 16 van de wet van 15 mei 2014 houdende uitvoering van het pact voor competitiviteit, werkgelegenheid en relance) instemming behoeft bij wet alvorens dit samenwerkingsakkoord gevolg kan hebben.

In de adviezen 57.263/3 van 20 april 2015, 60.636/3 van 10 januari 2017 en 61.332/3 van 15 mei 2017, heeft de afdeling Wetgeving van de Raad van State het standpunt ingenomen dat artikel 6 van deze samenwerkingsakkoorden een financiële verplichting bevat wat tot gevolg heeft dat dit akkoord de Staat en het Vlaamse Gewest zou kunnen bezwaren. In dat geval voorziet artikel 92*bis* van de bijzondere wet van 8 augustus 1980 tot hervorming der instellingen, dat een dergelijk akkoord inderdaad slecht gevolgen heeft nadat zij instemming hebben verkregen bij decreet en bij wet.

Teneinde de discussie te beslechten, hebben het Vlaamse Gewest en de Federale Regering besloten het voornoemde artikel 6 te wijzigen, middels het samenwerkingsakkoord van 26 oktober 2017 tot wijziging van het samenwerkingsakkoord van 3 april 2015 tussen de Federale Staat en het Vlaamse Gewest betreffende de uitvoering van artikel 16 van de wet van 15 mei 2014 houdende uitvoering van het pact voor competitiviteit, werkgelegenheid en relance (nog niet bekend gemaakt).

Het gewijzigde artikel 6 luidt nu als volgt:

"Art. 6.- De akkoord sluitende partijen stellen op basis van de nota die is toegevoegd in bijlage bij dit akkoord vast dat bij de inwerkingtreding van dit

Enfin, on en revient encore à la question de l'accord de collaboration conclu avec la Région flamande (accord de collaboration du 3 avril 2015 conclu entre l'Etat fédéral et la Région flamande portant exécution de l'article 16 de la loi du 15 mai 2014 portant exécution du pacte de compétitivité, d'emploi et de relance) nécessitant une l'assentiment par la loi avant que cet accord de coopération puisse porter effet.

Dans les avis n°57.263/3 du 20 avril 2015, 60.636/3 du 10 janvier 2017 et 61.332/3 du 15 mai 2017, la section Législation du Conseil d'État a pris la position que l'article 6 de ces accords de coopération contenait une obligation financière qui a pour conséquence que le présent accord pourrait grever l'Etat et la Région flamande. Dans ce cas, l'article 92*bis*, de la loi spéciale de réformes institutionnelles du 8 août 1980, prévoit qu'un tel accord ne peut en effet avoir de conséquence qu'après avoir reçu l'assentiment par décret et par loi.

Afin de régler la discussion, la Région flamande et le Gouvernement fédéral ont décidé de modifier l'article 6 précité, moyennant l'accord de coopération du 26 octobre 2017 modifiant l'accord de coopération du 3 avril 2015 entre l'Etat fédéral et la Région flamande relatif à l'exécution de l'article 16 de la loi du 15 mai 2014 portant exécution du pacte de compétitivité, d'emploi et de relance (non encore rendu public).

L'article 6 modifié est rédigé comme suit:

"Art. 6.- Les parties contractantes constatent sur base de la note qui est jointe en annexe au présent accord que, à l'entrée en vigueur du

besluit in de rechtsgrond van de gewestelijke steunmaatregelen voldoende beperkingen en terugvorderingsmogelijkheden zijn ingebouwd zodat bij cumulatie van gewestelijke steun met de in artikel 1, eerste lid, bedoelde steun, wordt voldaan aan de bepalingen van artikel 8 van Verordening 651/2014.

Het Gewest kan slechts overgaan tot een afschaffing of vermindering van de in het eerste lid bedoelde beperkingen en terugvorderingsmogelijkheden nadat zij hierover een voorafgaand overleg met de Federale Staat heeft georganiseerd. In het geval het Gewest dit overleg organiseert, engageren de akkoord sluitende partijen zich om gezamenlijk en collegiaal alternatieve beperkingen en terugvorderingsmogelijkheden uit te werken die garanderen dat bij cumulatie van gewestelijke steun met de in artikel 1, eerste lid, bedoelde steun wordt voldaan aan de bepalingen van artikel 8 van Verordening 651/2014.

Indien het Gewest of de Federale Staat een nieuwe steunmaatregel afkondigt na de inwerkingtreding van dit akkoord, garandeert de partij die de nieuwe steunmaatregel aanneemt dat deze nieuwe steunmaatregel er niet toe kan leiden dat cumulatie van deze nieuwe steunmaatregel met de in artikel 1, eerste lid, bedoelde steunmaatregel niet in overeenstemming is met de bepalingen van artikel 8 van Verordening 651/2014.".

Bij de inwerkingtreding van deze wijziging werd voorzien dat dit artikel uitwerking krijgt vanaf 30 april 2015.

Het nieuwe artikel 6 werkt als volgt: het eerste lid van dit artikel start bouwt verder op een analyse van de cumulproblematiek, waarbij exhaustief de gevallen werden omschreven waarbij de cumulatie van de federale maatregel en een Vlaamse maatregel kunnen leiden tot een overschrijding van de maximale steunplafonds en steunintensiteit. Vervolgens wordt vastgesteld dat deze maatregelen op zichzelf, los van de bepalingen van het samenwerkingsakkoord, begrenzingen bevatten die verhinderen dat een cumulatie van de steun ertoe zou leiden dat er een overschrijding zou plaatsvinden van het maximale steunplafond en de maximale steunintensiteit.

Dit eerste lid is dan ook beschrijvend van aard en poneert als dusdanig geen rechtsregel die elk van de partijen bindt.

présent accord, des limitations et des possibilités de récupération suffisantes sont intégrées dans la base juridique des mesures d'aide régionales, de telle sorte qu'en cas de cumul de l'aide régionale avec l'aide visée à l'article 1er, alinéa 1er, les dispositions de l'article 8 du Règlement 651/2014 soient respectées.

La Région ne peut procéder à une abrogation ou une réduction des limitations et possibilités de récupération visées à l'alinéa 1er qu'après avoir organisé une concertation préalable avec l'État fédéral. Dans le cas où la Région organise cette concertation, les parties contractantes s'engagent à élaborer ensemble et de manière collégiale des limitations et possibilités de récupération alternatives qui garantissent qu'en cas de cumul de l'aide régionale avec l'aide visée à l'article 1er, alinéa 1er, les dispositions de l'article 8 du Règlement 651/2014 sont respectées.

Si la Région ou l'État fédéral adopte une nouvelle mesure d'aide après l'entrée en vigueur du présent accord, la partie qui adopte la nouvelle mesure d'aide garantit que cette nouvelle mesure d'aide ne peut pas aboutir à ce que le cumul de cette nouvelle mesure d'aide avec l'aide visée à l'article 1er, alinéa 1er, ne soit pas conforme avec les dispositions de l'article 8 du Règlement 651/2014.".

L'entrée en vigueur de cette modification a prévu que cet article produit ses effets le 30 avril 2015.

Le nouvel article 6 fonctionne comme suit: le premier alinéa de cet article commence avec une analyse de la problématique de cumul, où sont décrits de manière exhaustive les cas, dans lesquels le cumul de la mesure fédérale et celui de la mesure flamande qui peuvent mener à un dépassement des plafonds d'aide et de l'intensité de l'aide, sont décrits exhaustivement. Ensuite, il est établi que ces mesures contiennent, indépendamment des mesures de l'accord de coopération, des limites en elles-mêmes qui empêchent qu'un cumul de l'aide ne donne lieu à un dépassement du plafond d'aide maximal et de l'intensité maximale de l'aide.

Ce premier alinéa est donc également de nature descriptive, et ne constitue pas, en tant que tel, une règle de droit qui lie chacune des parties.

In het tweede lid verbindt het Gewest zich ertoe een overleg te organiseren met de Federale Staat in het geval zij haar bestaande regels zodanig zou wijzigen dat deze niet meer verhinderen dat de opeenstapeling van steun kan leiden tot een in het Europees Recht omschreven niet toelaatbare cumulatie van steun.

Deze regel verhindert dus het Vlaamse Gewest en de Federale Staat niet om nieuwe regels in te voeren of om bestaande regels af te schaffen. Enkel het in het tweede lid omschreven overleg wordt door dit samenwerkingsakkoord opgelegd. Het samenwerkingsakkoord vereist overigens op zichzelf niet dat dit overleg een vooropgesteld resultaat moet bereiken. Het vooropgestelde resultaat wordt immers opgelegd door verordening 651/2014/EU, die zowel op het Vlaamse Gewest als de Federale Staat van toepassing is.

Het derde lid herinnert tot slot aan de cumulatieregels die zijn voorzien in artikel 8 van verordening 651/2014/EU en verplicht elk van de partijen om bij de invoering van nieuwe maatregelen te waarborgen dat deze regels niet geschonden worden.

Deze regels zijn dus preventief van aard en hebben tot doel om te voorkomen dat de in artikel 8 van verordening 651/2014/EU opgenomen cumulatieregels geschonden worden. Deze regels hebben dus niet meer tot doel om een verdeling op te leggen in het geval de Europese Commissie zou oordelen dat de cumulregels geschonden zouden zijn en de terugvordering van de steun zou bevelen. Indien een dergelijke gebeurtenis zou voorvallen, zullen de regels van het samenwerkingsakkoord geen basis vormen om de terugvordering te organiseren en zal er ad hoc naar een oplossing moeten worden gezocht.

Het voormelde artikel van dit samenwerkingsakkoord voorziet dus op geen enkele wijze een verdeelsleutel in geval er tot een terugvordering moet worden overgegaan en legt geen andere regels vast die moeten worden nageleefd in het geval van een door de Europese Commissie bevolen terugvordering.

De afwezigheid van dergelijke regels heeft tot gevolg dat dit samenwerkingsakkoord de Staat of het Gewest niet meer kan bezwaren zoals bedoeld in artikel 92*bis* van de bijzondere wet van 8 augustus 1980 tot hervorming der instellingen.

Dans le deuxième alinéa, la Région s'engage à organiser une consultation avec l'Etat fédéral dans le cas où elle modifierait ses règles existantes à tel point que celles-ci n'empêcheraient plus que l'addition de l'aide puisse mener à un cumul d'aide non autorisé tel que défini dans le droit européen.

Cette règle empêche donc que la Région flamande et l'Etat fédéral n'introduise de nouvelles règles ou ne supprime les règles existantes. Seule la consultation décrite au deuxième alinéa est imposée par cet accord de coopération. L'accord de coopération n'exige pas que cette consultation aboutisse à un résultat prédéterminé. Le résultat prédéterminé est cependant imposé par le règlement 651/2014/EU, qui s'applique tant à la Région flamande qu'à l'Etat fédéral.

Le troisième alinéa rappelle enfin que les règles de cumul qui sont prévues à l'article 8 du règlement 651/2014/EU obligent chaque partie afin de garantir que lors de l'introduction de nouvelles mesures d'assurer que ces règles ne sont pas violées.

Ces règles sont donc de nature préventive et ont pour but de prévenir le fait que les règles de cumul reprises à l'article 8 du règlement 651/2014/UE ne soient violées. Ces règles n'ont donc plus pour but d'imposer une répartition dans le cas où la Commission serait d'avis que les règles de cumul seraient violées et qu'une récupération de l'aide serait ordonnée. Si une telle situation se produisait, les règles de l'accord de coopération ne constitueraient pas de base pour organiser la récupération et une solution ad hoc devra être recherchée.

L'article précité de cet accord de coopération ne prévoit donc en aucune manière une clé de répartition dans le cas où une récupération doit s'effectuer, et n'impose aucune autre règle à respecter dans le cas d'une récupération ordonnée par la Commission européenne.

L'absence de telles règles a donc pour conséquence que cet accord de coopération ne pourrait plus grever l'Etat ou la Région comme visé à l'article 92*bis* de la loi spéciale de réformes institutionnelles du 8 août 1980.
